LITERARY CLUB

Motivational Video

On the 12th July, 2024, within the hollowed confines of the smart room, the members of the literary club gathered in anticipation. The purpose of the gathering was to watch a documentary video, aptly titled, 'Most dangerous route to reach school'. This documentary, though brief, bore a message-one that transcended the screen and nestled deep within their hearts.

ASTRONOMY CLUB

Drone Display

On 15th July, students of primary classes were thrilled to view a drone in their school premises. Sgt Rajesh (a drone pilot) explained them that drones are aircraft flown with no humans on board. It is an aerial vehicle that receives remote commands from a pilot or relies on software for autonomous flight. He then briefed them its uses which includes conducting scientific research, rescue operation, military application and also video and photo capture. After a brief explanation, he flew the drone to give students a practical view. Students were amazed to see such view. After which they were told to share their experiences through writing.
